

How does a smart lock work?

Your personal doorman

Forget looking for keys in a hurry or with your hands full. Your home will be ready to welcome you hassle-free with an open door.

Automatic locking

Automatic unlocking

Your virtual keys

What if handing over your keys worked like sending an e-mail? When unlocking your door with a smartphone, simply create and send your extra "key" in the app.

Three user types

Precise access settings

tedee

Unlock your keyless life

Your convenient control

Stay updated on who's accessing your home with Tedee. Get detailed and real-time access history anytime.

Push notifications

Live activity logs

At your home

Forget your keys forever

Save time and hassle by locking and unlocking your door with your phone.

Your next-level protection

What if securing your door worked like internet banking? Connecting your Tedee to the online cloud promises high-tech protection to secure your door with reliable digital technologies.

Cloud-based security

At your short-term rental

Host automatically

Offer keyless and self-service check-ins so you and your guests don't have to wait around.

At your business

Ditch the access cards

Prevent cards from getting lost or forgotten and enable your employees to use smartphones instead. Use smart locks for cheaper, easier, and wireless access management.

At your smart integration

Turn your smart home on and off

Start your vacuum and disable heating when leaving the house. Upon arrival, be greeted with music, lights, and more of your devices. Your Tedee smart lock enables automated smart home scenes that you will love.

Invisible from the outside
Unlock it with a key anytime.

Securely installed inside
Unlock it manually or with a button.

Tedee smart collection

Unlock your keyless life

It's time to enter your front door with a fresh perspective. Enable new ways to enter, protect, and share your home. The smart lock and your smartphone are all you need to get started.

Discover our range of smart access solutions.

Tedee smart locks

Tedee GO

Replace nothing. Keep your keys.
Just add a smart lock to your existing setup.

For those who want to keep it simple and enjoy the main smart lock features.

Tedee smart bridge

Your front door remote
Connect your smart lock to the internet to control your door from wherever you are. Unlock your door remotely, check the real-time smart lock's activity, and control it using one easy mobile widget.

Tedee PRO

Enter with pleasure.
Experience the luxurious feel of top-notch materials and award-winning design.

Enjoy the most superior smart lock on the market. Sleek, quiet, and with a unique look.

Tedee keypad

Unlock with your PIN
Put a small keypad outside your home to unlock the door without keys or smart devices. Just use the PINs for access sharing and security whilst maintaining total privacy.

Tedee smart relay module

Make gates and garages smart
Manage your street entrance, front gate, and garage door, all in one app. Replace your remote control, fobs, cards or keys with your mobile phone.

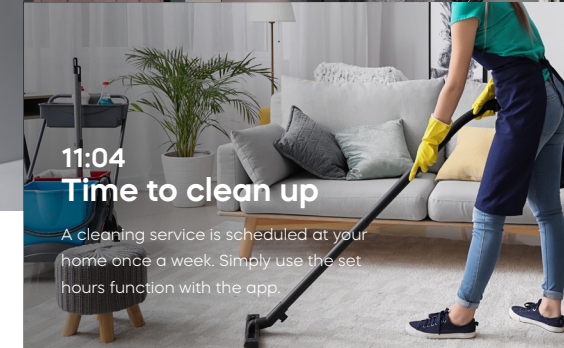

7:49
Off to work!

The door locks automatically and integrates with your radio to turn the music off.

9:21
Delivery!

Courier calls. You unlock the door remotely. The package safely waits for you inside.

11:04
Time to clean up

A cleaning service is scheduled at your home once a week. Simply use the set hours function with the app.

15:49
Easy like one-two-three

No keys or no phone? It's no problem! Anyone at home can unlock the front door with a PIN on the Tedee keypad.
